IOWA FARMERS OFFER CORN TO N.M. STOCKMEN

Representative Here Proposing That Cattle of State Be Shipped to Iowa to Be Fattened.

A proposition to fatten New Mexico cattle in Iowa on the surplus corn crops is being made to stockmen of this state through the Livestock and Agricultural Loan company at the suggestion of C. C. Hunt, a representative of the Iowa Farmers' Credit corporation of Des Moines.

The plan is to ship between five and six thousand steers from New Mexico into Iowa, where they will be fattened on a share basis. The local agency is taking up the matter with several New Mexico stockmen who might be interested. Mr. Hunt was sent here by Eugene Meyer, head of the War Finance corporation, who was recently here in conference on the cattle business.

The Iowa Farmers' Credit corporation was organized with a \$1,000,000 capital to extend credit to farmers during their hard times. Mr. Hunt reports that the Iowa farmers had three big corn crops in succession and are in excellent financial condition. There are 400 million bushels of corn available for feeding and fattening purposes, he said.

Mr. Hunt was a speaker at Rotary club yesterday as the guest of J. B. Herndon, president of the State National bank. He will be in the city for several days in conference with stockmen regarding the co-operative fattening plan.

NEW MEMBERS OF Y. GET ACQUAINTED AT BANQUET LAST NIGHT

New members of the Y. M. C. A. who joined in the recent campaign were welcomed and made acquainted with the organization at an enjoyable dinner and reception at the association building last night. The workers in the campaign acted as a reception committee.

Dinner was served at 6:30 o'clock. An after dinner program presided over by E. V. Berry, general secretary, was opened with a piano solo by his daughter, Miss Marian Berry. Judge M. E. Hickey paid a tribute to the association and the advantages it offers now to the young men, contrasted with the meagerness of such advantages in the days when he was a boy.

E. E. Garcia, who has been associated with Y. M. C. A. work in both Mexico and the United States since he was in college, gave some reminiscences of his work. John G. Wagner, president of the Y. M. C. A. bowling association, spoke of the benefits of bowling for business men and made some announcements regarding the coming tournament.

After the dinner the new members were taken on a tour of the building and introduced to all of the departments. The entertainment was in charge of the social committee of the association with O. D. Walt, chairman. E. B. Garcia and O. M. Love.
